- Please share a bit about your background in business as it relates to BDA, while still maintaining your anonymity.

Optional points to include in your essay:

- How your business has helped you to fulfill the promises of D.A.
- How you use the DA/BDA tools in your business.
- How you take a spiritual approach in your business.

Send submissions to: bdastories@debtorsanonymous.org

Please include your first name, phone number and email address with the submission so we can contact you. Each member must sign a release for D.A. to use their story.

The following are questions you may want to ask when interviewing a fellow for their BDA story of experience, strength and hope:

- What is your business?
- When did you start?
- What inspired you to start?
- Were you a business owner before DA/BDA? What was your business like before DA/BDA? How was your business changed since joining DA/BDA?
- Did you have any fears when you began? Did you see yourself as a business owner before you began?
- Did step work help you establish and run your business? How so?
- Did you see your Higher Power in the process of beginning and running your business?
- Which BDA tools do you use? How do you use them?
- Are there any miracles that have happened since you began?
- What was your biggest challenge and your biggest breakthrough?
- What have you learned by being a business owner?
- Have any DA promises come true for you?
- What are your future aspirations?
- How do you know when HP is guiding you toward an action?
- How do you keep sane running a business?
